

# Porta-Flush Powder

RV/Marine Holding Tanks

POWDERS

## OVERVIEW

This product is a breakthrough in portable toilet waste and odor control. This high performance product uses nature's own waste digestion process to aggressively destroy odors instead of hiding them behind fancy perfumes. Billions of potent waste digesting bacteria work continuously to reduce solid accumulation and destroy odors at their source. This unique synergistic action liquefies solid wastes to keep portable toilets and holding tanks in RV/marine, public transportation, and aircraft pleasant even during periods of heavy use. Most importantly, this product actually gets stronger as the temperature rises. Bacterial strains double every 30 minutes at 70°F to work even harder to provide extra protection from unpleasant odors. Far safer and more effective than formaldehyde and other harsh preservatives, this product is 100% biodegradable. Treated waste can be processed in conventional waste treatment facilities without special handling. A pleasant, fragrance and a built-in dye aid in keeping each use delightful.

## USES & APPLICATIONS:

- Portable Toilets
- Public Trans.
- Holding Tanks
- Aircraft
- RV/Marine Toilets
- Pit Toilets & More
- Marine

## EFFECTIVE AGAINST:

- Odors
- Digests Waste
- Grease
- Sludge
- Cellulose
- Organic Solids
- FOG

## ADVANTAGES & BENEFITS:

- I CONTAINS BOTH ANAEROBIC (CAN LIVE IN AIRLESS ENVIRONMENT, NO OXYGEN) BACTERIA
- I CONTAINS FACULTATIVE (CAN LIFE WITH OR WITHOUT OXYGEN) BACTERIA
- I REDUCES HYDROGEN SULFIDE (ODORS)
- I BACTERIA ARE IN SPORE FORM FOR EXTENDED SHELF LIFE
- I CONTAINS VITAMINS TO ENHANCE BACTERIAL GROWTH
- I CONTAINS NO CHEMICALS
- I CONTAINS ENZYMES TO BREAK DOWN FATS, OILS AND GREASE (FOG), PROTEINS, CELLULOSE, CARBOHYDRATES, STARCHES AND MORE
- I BREAKS DOWN FAT & GREASE BUILDUP
- I AVAILABLE IN CONVENIENT WATER-SOLUBLE PACKAGING

## STRAINS

- I MULTI-STRAIN SPORE BLEND

# Porta-Flush Powder

RV/Marine Holding Tanks

POWDERS

## DIRECTIONS: Complete Directions on Product Label

NOTE: For Optimum Results activate the bacteria and enzymes in warm water (not hot) before using.

### DIRECTIONS FOR USE:

Use one (1) water-soluble packet every 3 to 5 days for every 50 gallons of waste holding tank capacity.

## TYPICAL PROPERTIES

I	APPEARANCE .....	TAN POWDER
I	FRAGRANCE .....	MILD
I	FORM .....	POWDER
I	EFFECTIVE pH range.....	5.0 – 10.0
I	EFFECTIVE TEMPERATURE RANGE.....	34-120 DEGREES F

### CAUTION

May irritate eyes and skin. Avoid contact with eyes and skin. Use gloves and safety glasses when handling. Wash thoroughly after handling. Do not take internally. If in eyes, flush with plenty of cool water for at least 15 minutes. If irritation persists, obtain medical assistance. If on skin, remove contaminated clothing and launder before re-use. Wash skin and hands with soap and water. If swallowed, give person several glasses of water and induce vomiting. Contact physician or poison control center for additional instructions.

KEEP OUT OF REACH OF CHILDREN
