

PORTA-FLUSH (LIQUID)

Holding Tank Treatment | Liquids

OVERVIEW

This product is a breakthrough in holding tank waste, portable toilet waste and odor control. This high performance product uses nature's own waste digestion process to aggressively destroy odors instead of hiding them behind fancy perfumes. Fast acting enzymes attack waste and its by-products at the molecular level. High concentrations of potent waste digesting bacteria work continuously to reduce solid accumulation and destroy odors at their source. This unique product liquefies solid wastes to keep portable toilets and holding tanks in RV/marine, public transportation, and aircraft pleasant even during periods of heavy use. Most importantly, this product actually gets stronger as the temperature rises. Bacterial strains double every 30 minutes at 70°F to work even harder to provide extra protection from unpleasant odors. Far safer and more effective than formaldehyde and other harsh preservatives, this product is 100% biodegradable. Treated waste can be processed in conventional waste treatment facilities without special handling. A pleasant, fragrance and a built-in dye aid in keeping each use delightful.

DESCRIPTION

Directions: Complete directions on product label

SHAKE OR MIX WELL BEFORE USING.

MARINE AND RV HOLDING TANKS: Pour 8 ounces of this product through toilet into holding tank. Add approximately 1 gallon of water to holding tank. Super concentrated, 8 ounces will treat and deodorize 40 gallons waste weekly additions are optimal.

NO FORMALDEHYDE OR QUATS CONTAINS 100% NATURAL BACTERIA AND ENZYMES

PORTABLE TOILETS: Pour 4 ounces into waste holding tank through valve opening. Add enough water to cover the bottom of the tank.

PIT TOILETS: Use this product in place of formaldehyde or disinfectant-containing preservatives. To eliminate odors, reduce solid volume and extend the period between pumping, add one quart per 500 gallons of pit capacity. Make additions weekly.

DOSAGES CAN BE ADJUSTED TO MEET YOUR REQUIREMENTS

PORTA-FLUSH (LIQUID)

Holding Tank Treatment | Liquids

APPLICATIONS AND USE:

- I PORTABLE TOILETS
- I HOLDING TANKS
- I PUBLIC TRANSPORTATION
- I RV/MARINE TOILETS
- I PIT TOILETS
- I AIRCRAFT

STRAINS

- I MULTI-STRAIN SPORE BLEND

TYPICAL PROPERTIES

- I APPEARANCE LIQUID
- I FRAGRANCE NEUTRAL, FRESH SCENT
- I FORM LIQUID
- I SHELF LIFE 24 MONTHS
- I pH 6.8 - 7.8
- I EFFECTIVE pH range..... 4.0 – 11.0
- I EFFECTIVE TEMPERATURE RANGE..... 5° – 50° C

PACKAGING

- I 1 GALLON, 4 X 1 GALLON CASE, 5 GALLONS, 30 GALLON, 55 GALLON
